On August 28, 2001, the Commission issued a Notice of Proceeding and Investigation and Assessment of Costs (Initial Notice) in this docket. The Initial Notice stated that this is a proceeding under Wis. Stat. § 196.195(12) to consider whether it is in the public interest to approve an alternative regulation plan (Plan) for EastCoast Telecom, Inc. d/b/a TDS Telecom-Cleveland & Valders (EastCoast) and Stockbridge and Sherwood Telephone Company, d/b/a TDS Telecom-Sherwood (Sherwood), and if so, what provisions should be included in such Plans. Wis. Stat. § 196.195(12)(b)3. directs the Commission to regulate telecommunications utilities with the goal of developing alternative forms of regulation and to approve an incentive regulatory plan for each telecommunications utility in the state.

On May 25, 2001, EastCoast and Sherwood (Applicants) filed proposed alternative regulation Plans under Wis. Stat. § 196.195(12). The Plans are nearly identical to alternative

regulation plans recently approved for Grantland Telecom, Inc., and Riverside Telecom, Inc.¹ The Plans proposed by EastCoast and Sherwood would provide the Applicants with pricing and other regulatory flexibility as a result of the Applicants waiving certain rights under state law related to competition and filing a plan for deployment of advanced services. The pricing flexibility under the Plans includes rate rebalancing. Rate rebalancing generally involves increases to rates for local residential and business service and decreases to rates for intrastate access services paid by long distance providers.

By July 1, 2004, Applicants propose to consent pursuant to Wis. Stat. § 196.50(1)(b)2, to allow other eligible telecommunications providers to be certified to provide basic local service in its service territory. Applicants also commit to filing wholesale tariffs by January 1, 2003. In addition, Applicants shall meet certain minimum service quality standards under the Plans while continuing to comply with Commission service quality rules. The Plans remove limitations on earnings, limit the ability of customers to petition for Commission review of rate increases, and suspend certain statutory sections. Copies of the Applicants' filings may be obtained by written request to Jean Pauk, TDS Telecom, P.O. Box 5158, Madison, Wisconsin 53705-0158 or by e-mail addressed to jean.pauk@tdstelecom.com.

Applicants are responsible for giving notice to customers of the filing of its application with the Commission and of the hearing scheduled herein. Applicants are responsible for producing proof of notice at the hearing.
